

CNSI Technology Centers General User Responsibility Agreement

UCLA Environmental Health and Safety is in agreement with the policies set forth in this CNSI Technology Centers General User Responsibility Agreement. In order to conform to safety standards required by law, UCLA Environmental Health and Safety (EHS) while still allowing efficient operation of the CNSI Technology Centers, it is required that each user sign the following agreement:

1. User has been instructed regarding safety procedures in the CNSI Technology Center in which he or she will be working.
2. User has been made aware of specific safety requirements and location of the safety equipment, first aid kit, safety folder including MSDS, eyewash station, operation manuals and other tools/materials/equipment essential for safety.
3. User understands that it is the user's and his or her principal investigator's responsibility to obtain all necessary safety and other trainings, certificates, records, individual safety equipment etc. required by the law, UCLA safety administration and the CNSI Technology Center in which he or she is working. User may not use facility if he or she has not completely fulfilled and conformed to all safety requirements.
4. All users of facilities in which lasers are used must take Laser Safety Training offered by EH&S. Users should take a refresher course every two years. The schedule of Laser Safety Training classes and self-registration for training may be accessed by clicking the Worksafelink under Registration on the <https://www.ehs.ucla.edu/training/schedule> web page.
5. User recognizes that the facility managers have the responsibility for safe operation of the labs and the authority to stop or prevent work which, in their opinion, endangers the safety of any users or personnel. In the event of a serious or repeated unsafe work practice, a user may become subject to suspension or even permanent revocation of facility privileges.
6. Visitors to the facility must be escorted by an approved User. User must indicate lab safety procedures to Visitors who will be present while equipment is being used or during other lab procedures. In laboratories where there are lasers, user must make all visitors aware of the laser hazard awareness statement on the door of the CNSI Technology Center. User must indicate lab safety procedures to visitors who will be present while equipment is being used or during other lab procedures.
7. User will exert all possible efforts to comply with safety requirements when in the CNSI Technology Centers.
